

# A New Road ... ...A New Life

April 2008

## Welcome

On behalf of the entire Faith Logistics Team I would like to welcome you to the first installment of the *A New Road . . . A New Life* Newsletter. The primary objective of this newsletter is to keep our supporters updated on the current events and the work of Faith Logistics. The newsletter was originally scheduled to be released in February 2008. The reason for the delay is that I envisioned the first newsletter to be filled with the great news of how Faith Logistics has successfully launched the program. Although we

have been blessed with many resources and have begun the work in transforming lives, we are still waiting for one key piece of equipment to launch the commercial driver training program (See "Got Truck?"). In retrospect it was wrong to delay sharing this information as we know as a supporter you made a commitment to stand by us not only in only in our successes but also in our time of need.

In His Service,  
*Dave Dein*  
Founder/President

## Got Truck?

The "Got Truck?" motto has become a focal point and remaining obstacle in successfully launching the Faith Logistics driver training program. Our search to have a commercial truck and trailer donated began in January and we have since contacted over 40 local and national trucking companies vigorously working in trying to secure a donation. Although we have two companies that have expressed an interest in our mission and vision we have yet to ascertain a level of commitment.

In talking to people we are constantly amazed at the connections people have within different sectors of their community that have been beneficial to this organization. As our current need is for training equipment we would like to ask our supporters to share

*(Continued on page 2)*

(Continued from page 1)

with us any information that could assist Faith Logistics in acquiring the resource needed to begin helping people help themselves.

The sense of urgency we feel resonates from the fact that Faith Logistics

currently has four individuals who have demonstrated a true desire to become productive members of society and the only consolation of hope we can offer them at this time is to place them on a waiting list to begin the driver training program.

Combined with the fact that Faith Logistics has also been contacted by several central valley trucking companies that have expressed an interest in hiring our drivers further adds to validity and need for this type of program.

## Transforming Lives

Each month we will be spotlighting an individual that is enrolled in our program through the "Student of the Month" column. This will provide an opportunity to

Howard Hansen,  
Student of Faith Logistics

*"Faith and spiritual bliss is the strength of Jesus working in our lives as He teaches us in the Bible."*

we first met him. Working alongside members of Enclave Community Church, Howard has not only transitioned from the streets to a temporary residence and is actively looking for employment, but more importantly he has a renewed love in his heart for Jesus.

know and pray for those who have made a commitment to transform their lives. Even though our driving training program has not launched, Faith Logistics has been busy reaching out to those in need of support and guidance.

For the last month we have been working with Howard Hansen who was homeless and filled with despair when

## Praises

Thank you to everyone who supports Faith Logistics. What an awesome team!

Thankful for the opportunities that God gives each of us to serve Him.

The support of Enclave Community Church, Simon Printing, Websites that Work, Postal Center USA, and Nixon Peabody Attorneys at Law.

**THANK YOU**

Once again we would like to express a heartfelt thank you to all those who donated their time, resources, and finances in creating a program that is dedicated to bring hope through opportunity and education. Each of us represents a piece of a puzzle and together we are creating a beautiful picture that glorifies God.

## Answered Prayers

We are so excited to share that Enclave Community Church has embraced Faith Logistics and has donated the use of a classroom that will be used to run the driver training program out of. The support from Pastor Brian and the Enclave Community has been tremendous and we look forward towards an unified relationship that is a living example of God's love and faithfulness.

Dave Dein and  
Pastor Brian Miller

*And we know that God causes all things to work together for good to those who love God, to those who are called according to His purpose.*

Romans 8:28

## Sustainability

A question that has been asked by several people is how does Faith Logistics plan to achieve financial sustainability as mentioned on our website. To create an organization that can be financially self sustaining while best meeting the needs of our students was the foundation in which this organization was created. It was because of these two needs that we proved to the IRS Tax Exemption Committee that allowed us to

form a nonprofit trucking company. Not only will Faith Logistics be able to generate revenue to run the program, but more importantly it creates a paid one-year internship program that enables the students to gain valuable marketable job experience. Our goal is to initiate the internship program once the driver training school has been established.

## ...And Prayers

Pray for Howard that he continues to put his focus on the Lord as he looks for employment as a commercial truck driver.

Pray for financial resources that will enable this organization to serve God through serving others.

Pray for the donation of truck and trailer that would allow Faith Logistics to begin the driver training program.

## Have You Ever Said...

“I wish I had a penny for every time...?” Well now you can.

By using the online search engine [GoodSearch](#) you can donate a penny to Faith Logistics every time you search the Web for information, videos, or images. You can even donate by shopping online from retailers such as Ebay, Amazon, BestBuy, Barnes and Noble, and many more. When shopping, use the links on [GoodSearch.com](#) to access your favorite online retailers. Donation amounts are a

percentage of the purchase price and vary by retailer.

The site utilizes Yahoo! Search, so you get great results. The money donated comes from GoodSearch's advertisers so it doesn't cost you or Faith Logistics a thing. Go to [GoodSearch.com](#) and start supporting Faith Logistics today!
